Hi Angel

Am about the busiest guy I know of but I am going to take time and write to my Gal. Won't be long till I see you I hope Sat [Saturday]. Not that we will be able to Honky Tonk but it will be swell just to see you again. (Even thou [sic] I don't like you) don't you believe that enclosed quotation. Guess you have been gading [gadding] around all week doing no telling what. I probally [sic] wouldn't like some of the things you do but since I am not there their [sic] is nothing I can do about it. Tell all the folks hello for me, hope they are all feeling fine. Aggie you will have to excuse me this week on writing as I have really been busy. The past two days Rifle Range also tomorrow. I have been getting up 3 to four. Last night I pulled fire guard didn't go to bed until 12:15, what a long nites rest I got huh? Well Darling I have got to go to bed will tell you all the news Sat [Saturday]. I love you
