Hello "Angel"

Since I received 5 letters from you tonight even thou [sic] I really don't have time I am going to answer them. That is the way I like to get mail all in all I got 8 letters, 1 card and one package. I wanted to talk to you Sat. [Saturday] nite but I reversed the charge's to keep from getting a lot of change that I couldn't even get at the Service Club. Naturally I didn't want to reverse the charges to your house. I played basketball Sun [Sunday] eve [evening] then went to the show that nite, it was nothing like getting to come home thou [sic]. I think I told you I had my wonderful car on the post it sure does come in handy. Boy this engineering basic is really going to be easy compared to Inf. [infantry] that is if it don't start getting rougher. I may even get lazy only trouble it seems like I never have any spare time to do anything. Mon [Monday] we saw shows, Tue [Tuesday] we played with hand tools, Wed [Wednesday] today we had camouflage all in one they were easy. Tomorrow I have guard duty 6 PM till 6AM on 2 off 4 hrs it shouldn't be [page 2] to hard. Jim Tinder was my cousin he got killed in the last war that is why I probally [sic] never mentioned him he was a belly gunner in a[n] Airplane. I can hardly wait to see you this weekend I am much, much lonely for you to more than I can say. I have really missed you these past 2 weeks in fact I doubt if you can handle me this weekend that is a question if I get a pass. I have just gotta period. Well darling I will close for now am really counting on seeing you this weekend end [sic] so don't schedule any extra dates. Sounds like you have been having lots of fun. Be good and keep making lots of money
