

July, Saturday 9

Pleasant [sic] turned over my hay that was cut in the forenoon and commenced to draw it in Andrew staid [stayed] to Dansville last night and came home this afternoon we drew in four loads of hay while the boys unloaded the last load I planted some cucumbers

July, Sunday 10

Pleasant [sic] and warm went to meeting and Sunday school in the afternoon heard Mr George Lyon preach Samantha had the ague while we were gone Brother Holt had gone out to the camp meeting near Fentonville another week has gone with cares and joys

July, Monday 11

Rainy and rained most of the night and rained hard the most of the forenoon cleared off in the afternoon went to Dansville to take some timbers up to raise Martha house drew two loads of sand and then came home did not get home till after ten oclock

July, Tuesday 12

Cloudy in the morning rained in the night I plowed in the forenoon the boys went a Wortle berrieing [sic] in the afternoon we commenced to cut Wheat for it had cleared off Samantha had the ague to day Alpha went after Harriet to night

July, Wednesday 13

Pleasant [sic] wind south put the reaper together for cutting [sic] wheat worked till most noon and then came up a shower and then we had to wait till two o'clock before we went to work again there was a heavy shower that went south of us in [written sideways in margin]: the afternoon

July, Thursday 14

Cloudy and looks like rain Rained in the forenoon worked in the garden cleared off Brother Holts folks came down here to day [sic] did not do anything in the wheat till after supper keeps wet wheat will soon grow for the berry is still soft
