Probally [sic] about 2 more notes is all I will get wrote I doubt if it will do you any good to write me after you receive this letter as I don't intend to be around this part of the country. I got a copy of my orders out this morn [morning] and read it again sure have been looking for them every [ever] since I got in this dam Army. Yes. [yesterday] was payday got \$70 (rich huh?). Now I want to go shopping got to get a suitcase and some odds and ends from dear old Germany. Yep I like Charlton Hestons acting to but I don't think he is swoony of course I cain't see him through womens eyes. Only from my point of view. [page 2] I don't know what to think about Frank he must be dis-satisfied [sic] someway or just likes the darn stuff hate to hear he is drinking so much. Don't know what he could of wanted with me. I suppose Mom and them could meet me in New York but I still have to go on to Kentucky. I really don't know when the convention is as they have never written the date. I spect [expect] you would get pretty tired with Kenny believe me you would have some good help. Whats [sic] this about James having a gal? I will have to check into that when I get home sort of kid him a little. Well there is nothing new here so better close this off I have to write the folks a line after dinner. When you get it check and see if the box or it I should say is damaged in any way. Now this is very important-Please above all do not try to play it. Don't even plug it in till I get home (as I have it packed. Don't mess with it at all. I don't mean to say I wouldn't trust you or someone with it but I want to unpack the thing then I will know it is okay.
