

All researchers have encountered records that differ in spelling from the way the individuals or their descendants ACTUALLY spell the names. Transcriptions are the true copy of what was written in the record. That's what most of the records on the Transcribed Records site are. Because I often get requests to change the transcription to an interpretation, I invite others to add the family spellings for records they've found spelled differently than the family spelled the names.

Here are some which have been reported:

OSBURN FAMILY ON 1910 CHRISTIAN COUNTY CENSUS

I wanted to let you know that in the 1910 Census available on the CCG Website that the last name OSBURN is misspelled in some cases.

The following individuals should all fall under the spelling of OSBURN: Ryley, Minurva, Children: Claud, Ollie, Cordia. Atlas (1 s in spelling, not 2), wife Mary,

Children: Dewey, Ota B., Edna M., Henry, John, Thomas, Clara, John. Leviga, Children: Myrtle.

If you can please update the spelling. A majority of my Grandmothers family who are Osburn's are buried in the Monger Cemetery. I have made four visits to the Cemetery and the spelling for all family members are OBSURN.

SOLOMON FAMILY ON 1910 CHRISTIAN COUNTY CENSUS

Greetings, my name is Thomas Everett Holmes (Tom). My mother was Lula Eileen Solomon Holmes, her father was Everett Efton Solomon and his father was James Lewis Solomon.

A portion of the 1910 Federal census of Christian County, Missouri was completed by the then Postmaster of Clever, Missouri, Jim Solomon (James Lewis Solomon).

I was looking over the on-line listings and found a number of errors. They include the following:

1910 Federal Census of Christian County, MO

[Sa-Sp] selection
